The charm of Bankei Ski Area

Bankei Ski Area is one of Sapporo's ski resorts, and can be accessed in 20 minutes by car from central Sapporo.

Cherry blossoms bloom in the spring,

and in the summer you can enjoy camping and a variety of activities in the great outdoors.

During the summer only, the resort contracts directly with nearby farms and holds a market every day, so you can buy fresh, newly picked vegetables.

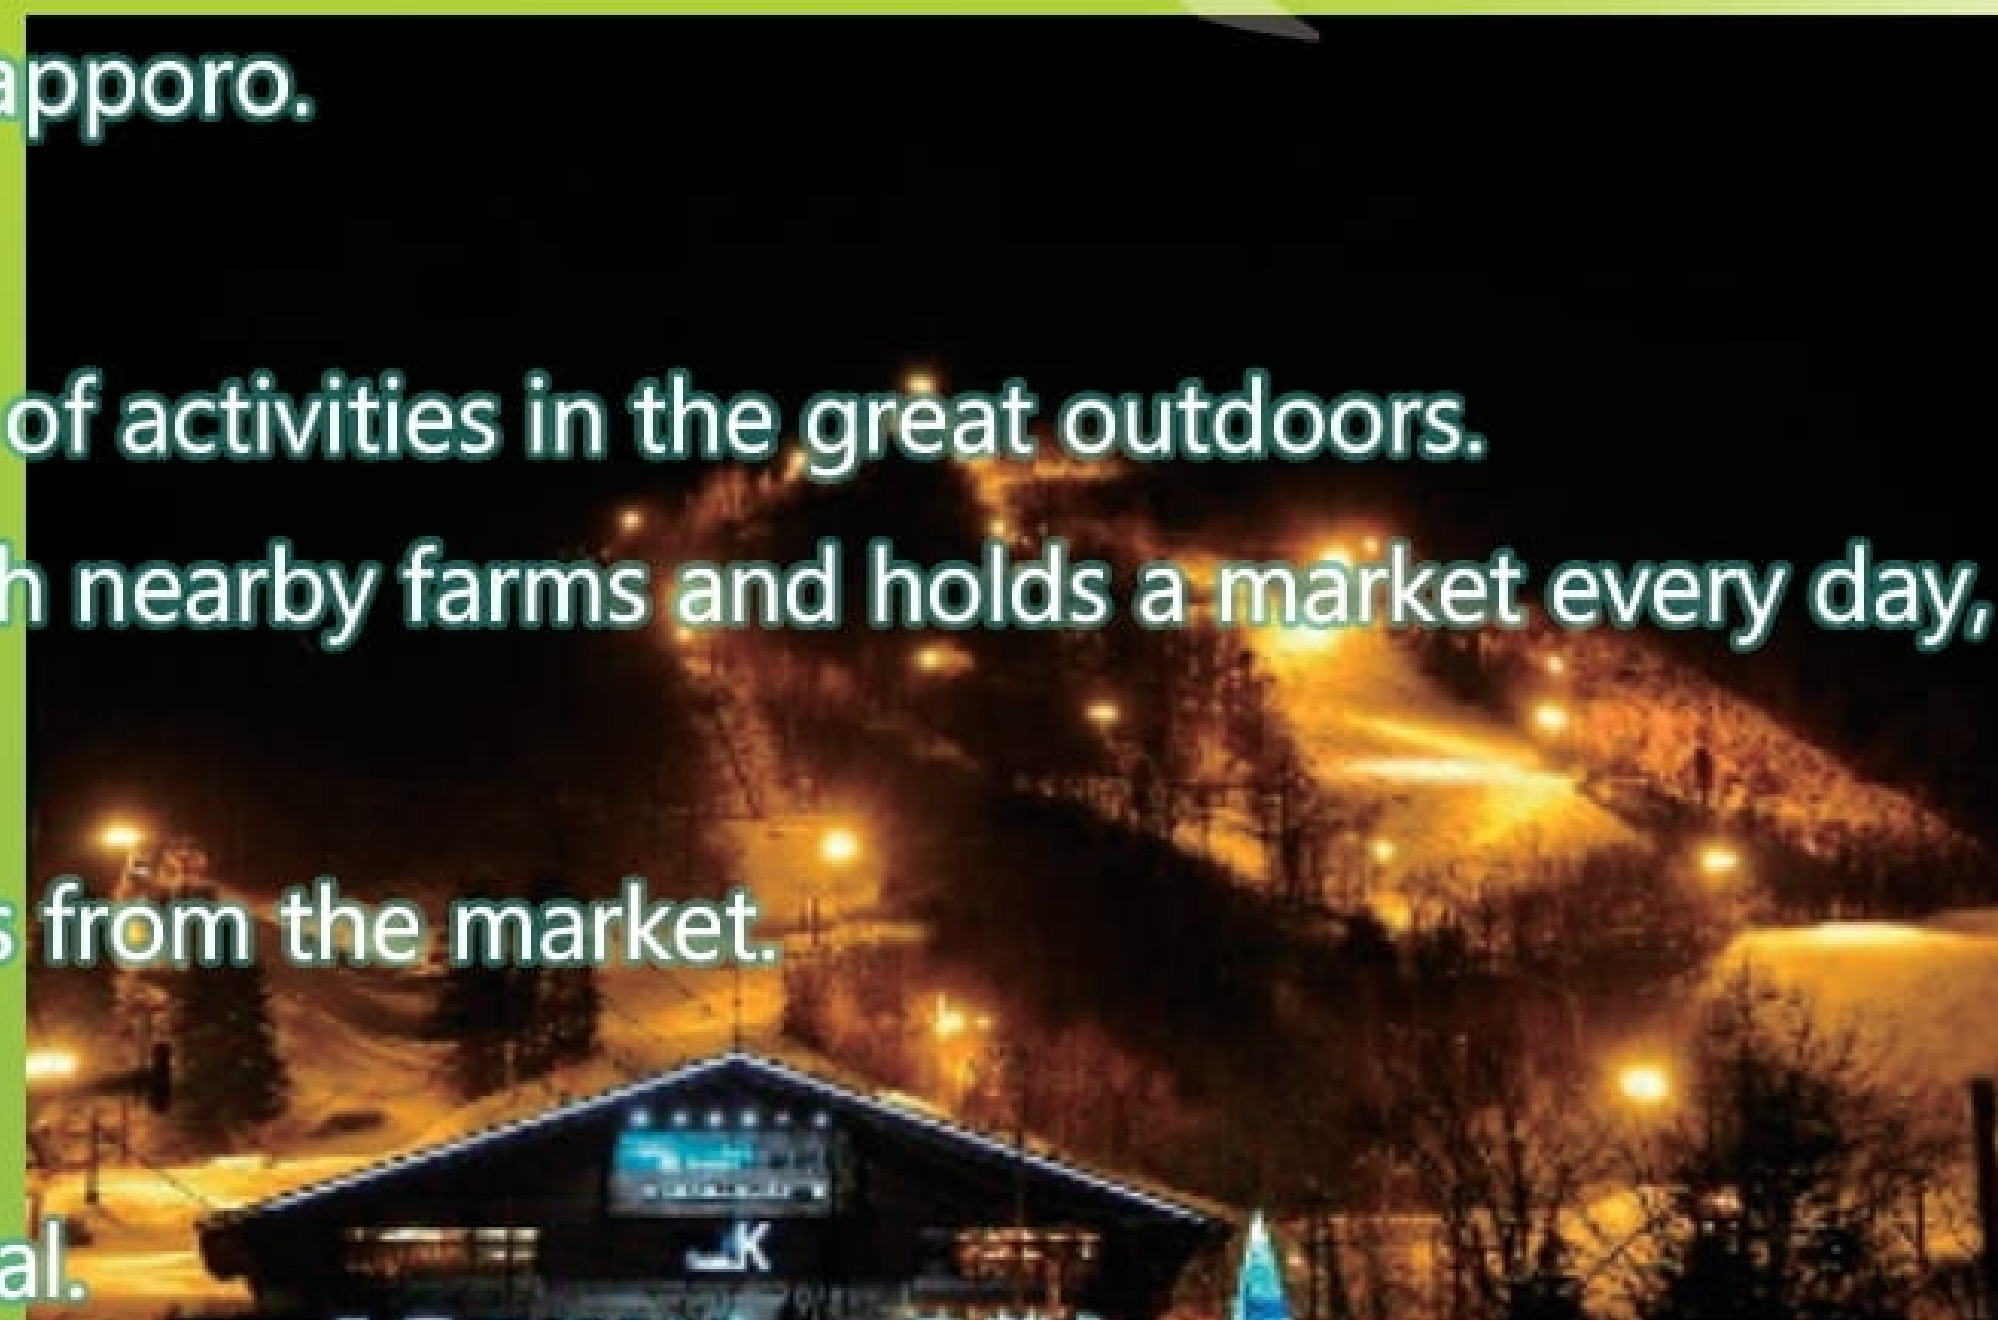

The restaurant also holds a lunch buffet using vegetables from the market.

The main event in the summer is the Bankei Music Festival.

There you can enjoy live music on the outdoor stage and over 7,500 fireworks.

Sapporo Craft Beer Forest is also a popular event.

About 30 carefully selected craft beer builders from all over Japan, mainly from Hokkaido, gather here and you can enjoy a variety of beers.

In autumn, the mountain trees turn beautiful red, and you can enjoy outdoor barbecues while taking in the spectacular views. Of course, in winter it operates as a ski resort, and is bustling with ski classes for elementary and junior high school students, as well as local winter sports enthusiasts.

In recent years, the resort's convenient location has earned it a reputation among tourists from both Japan and abroad, and demand is increasing year by year.

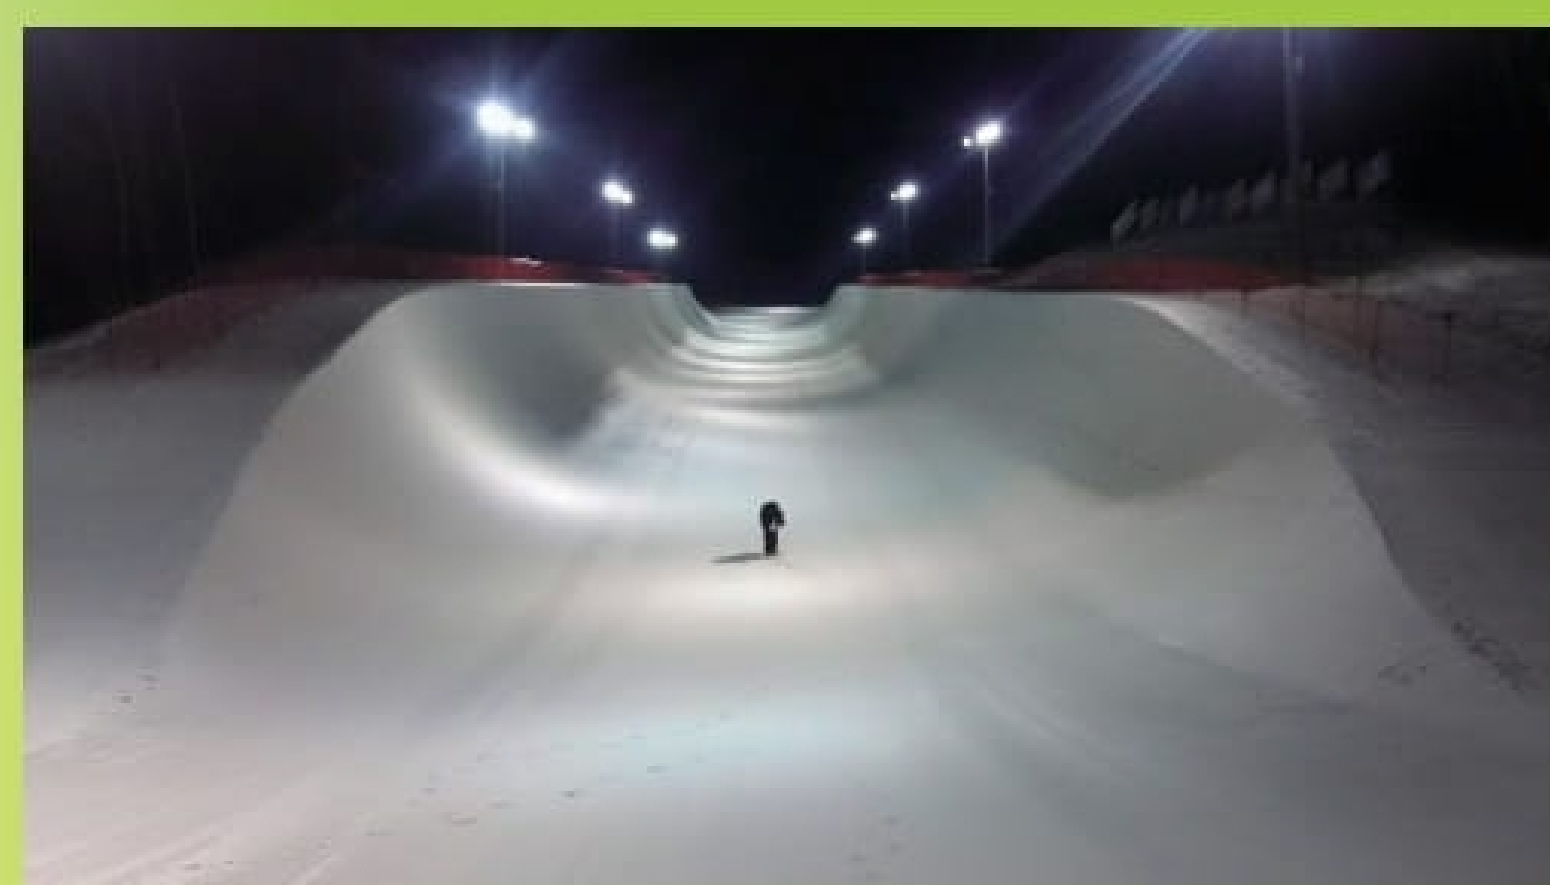

In addition, the half-pipe and mogul courses are used for training by the world's top athletes, and official FIS competitions are also held here.
